Old Girls Database

This is kept in the school and is updated by Archivist, Rosalba Finnerty. Consideration is being given to creating a register of all students who have attended the school, which is a huge task! The database collects together material from as many old girls as we can contact. Each year names and address of year groups are added. Rosalba regularly goes through the *Oldfriends*, and *Find a Kiwi* sites on the internet to contact more people and locate those who have moved house. This is a most rewarding activity with about a 40% hit rate and will be a boon for our decade gatherings.

Any enquiries about the database can be forwarded to rosalba.finnerty@marsden.school.nz.
